Room Specifications

We realise that all rooms come in different shapes and sizes and are not perfectly square or rectangular. The dimensions that you provide us for your wine cellar are crucial in the planning process. Please take the time to draw a sketch of the room (on a separate sheet) and to provide the required measurements outlined below. Whilst we do not expect a scale drawing, please ensure that your sketch is labelled according to the notes given in the following sections.

Room Dimensions

Please measure the length of each wall in the room (in centimetres) and insert your measurements in the boxes below. For example, for an L-shaped room, you will need to measure all six walls, as shown in the illustration below.

Wall A	<input type="text"/> cm		Wall E	<input type="text"/> cm
Wall B	<input type="text"/> cm		Wall F	<input type="text"/> cm
Wall C	<input type="text"/> cm		Wall G	<input type="text"/> cm
Wall D	<input type="text"/> cm		Wall H	<input type="text"/> cm

Ceiling Height

Please measure the ceiling height of the room at each corner (in centimetres) and insert your measurements in the boxes below. For example, an L-shaped room will have six corners, as shown in the illustration below.

Corner 1	<input type="text"/> cm		Corner 5	<input type="text"/> cm
Corner 2	<input type="text"/> cm		Corner 6	<input type="text"/> cm
Corner 3	<input type="text"/> cm		Corner 7	<input type="text"/> cm
Corner 4	<input type="text"/> cm		Corner 8	<input type="text"/> cm

Door Locations and other information

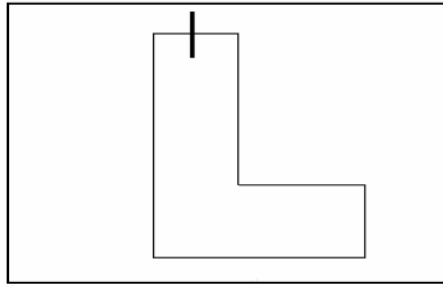

Please indicate on your sketch the wall on which the door(s) is/are located, as shown in the illustration below. In the boxes below please tick the box which best describes the style of the door, i.e whether it opens inwards or outwards and whether it opens towards the left or right. If there is more than one door, please put the appropriate number of ticks in the boxes below.

Door opens outwards and swings to the right

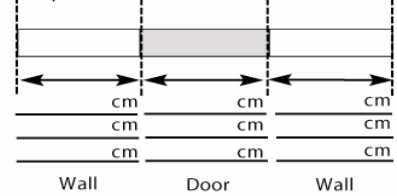

Door opens outwards and swings to the left

Door opens inwards and swings to the right

Door opens inwards and swings to the left

Please provide your wall measurements surrounding the door. Should there be more than one door into the room, please list in the boxes provided below.

Please provide other details about the room for your wine cellar by indicating which of the following items are present in the room. Please tick the relevant boxes below and on your diagram, please clearly label their locations in the room and their measurements along the wall or ceiling.

Windows Stairs Vents Switches & Sockets Pipes Ceiling Beams Floor Drains

Planning Your Cellar

Please answer the following questions which will enable us to design a cellar that will meet your requirements and expectations.

Your budget Total Bottle Capacity Project Deadline

Please tick the following which most closely matches your objectives.

Showcase cellar Functional storage Mix of the two Uncertain, please advise

Racking Styles

Please indicate which style of racking is required by ticking the relevant box.

Serpentine storage Harlequin storage Case storage Serpentine Elbow storage

Bottle Types

Please indicate the approximate number of bottles you are wishing to store, for each type of bottle. Please leave the box blank if you do not require storage for a particular bottle type.

75cl Wine or Champagne Bottles	<input type="text"/>	Magnums	<input type="text"/>	Half Bottles	<input type="text"/>	Jeroboam Bottles	<input type="text"/>	Other (Please state)	No.
	No.		No.		No.		No.		<input type="text"/>
									<input type="text"/>
									<input type="text"/>

Additional Comments

1. Which is more important; meeting the bottle capacity requested or the budget?

2. Will the cellar be used strictly for wine storage or will you require space for a tasting area or entertaining?

3. Do you have a passive cellar or is a cooling system required?

Further Information

Please provide any further information that you feel may be relevant regarding your wine cellar/room.
